

Our patented technology lets you organize and execute tournaments on-line, and in real-time. Use the TournEase dashboard to manage every detail of your event.

- A The most comprehensive source for tournament merchandise, player gifts, awards and contests to make your events successful.
- B Manage sponsors and sponsorships for your event. Track your progress vs. your sponsor goal in real-time
- C See where you stand on budgets and event goals
- D Need to know what you need to do? Simply scan the tournament task list
- E The first application for golf that lets you manage all your tournament logos in one application
- F Track player registrations and set up player pairings

## Throw Away Your File Folders! TournEase is Here!

Your tournament just got easier! TournEase is the first on-line, centralized community of golf resources to organize, execute and repeat tournaments and events. It is designed by golf and tournament professionals to manage sponsors, players, on-course events, signs and banners, merchandise and awards.

TournEase is an easy application to use. You can have your tournament up and running in minutes using our tournament wizard. TournEase will help you execute a great tournament this year and save the information for next year's event. This is the first complete on-line solution designed by tournament directors and PGA professionals.
